<b>Lestidae</b>								Coryphaeschna diapyra									Micrathyria debilis														
Archilestes grandis								Coryphaeschna viriditas									Micrathyria dictynna														
Lestes scalaris								Gynacantha helenga									Micrathyria didyma														
<b>Platystictidae</b>								Remartinia luteipennis									Micrathyria dissocians														
Palaemnema domina								Remartinia secreta									Micrathyria ocellata														
<b>Calopterygidae</b>								Rhionaeschna psilus									Micrathyria paulsoni														
Hetaerina americana								Triacanthagyna septima									Micrathyria schumanni														
Hetaerina calverti								<b>Gomphidae</b>									Orthemis discolor														
Hetaerina capitalis								Aphylla protracta									Orthemis ferruginea														
Hetaerina occisa								Erpetogomphus bothrops									Orthemis levis														
Hetaerina titia								Erpetogomphus elaps									Orthemis schmidtii														
<b>Coenagrionidae</b>								Phyllocycla elongata									Paltothemis lineatipes														
Argia anceps								Phyllogomphoides danieli									Pantala flavescens														
Argia carlcooki								Phyllogomphoides luisi									Pantala hymenaea														
Argia extranea								Phyllogomphoides pacificus									Perithemis domitia														
Argia harknessi								Progomphus clendoni									Perithemis intensa														
Argia mayi								Progomphus mexicanus									Planiplax sanguiventris														
Argia oculata								<b>Libellulidae</b>									Pseudoleon superbus														
Argia oenea								Brachymesia furcata									Sympetrum illotum														
Argia pallens								Brechmorhoga praecox									Tauriphila argo														
Argia pulla								Cannaphila insularis									Tauriphila australis														
Argia tezpi								Dythemis maya									Tauriphila azteca														
Enallagma novaehispaniae								Dythemis nigrescens									Tholymis citrina														
Enallagma semicirculare								Dythemis sterilis									Tramea abdominalis														
Ischnura capreolus								Erythemis attala									Tramea darwini														
Ischnura hastata								Erythemis haematogastra									Tramea onusta														
Ischnura ramburii								Erythemis plebeja																							
Leptobasis vacillans								Erythemis simplicicollis																							
Mecistogaster ornata								Erythemis vesiculosa																							
Neoerythromma cultellatum								Erythrodiplax basifusca																							
Neoerythromma gladiolatum								Erythrodiplax fervida																							
Neoneura amelia								Erythrodiplax funerea																							
Protoneura cara								Erythrodiplax fusca																							
Protoneura rojiza								Libellula croceipennis																							
Telebasis filiola								Macrothemis hemichlora																							
Telebasis levis								Macrothemis inacuta																							
Telebasis salva								Macrothemis inequiunguis																							
<b>Aeshnidae</b>								Macrothemis pseudimitans																							
Anax amazili								Macrothemis ultima																							
Anax concolor								Miathyria marcella																							
Coryphaeschna adnexa								Miathyria simplex																							
Coryphaeschna apeora								Micrathyria aequalis
